

# Looking for New Mothers to be in a Research Study

## Providing Respectful Care to New Mothers Who Give Birth

The purpose of this research is to survey women who have recently given birth and ask about their perceptions of respectful maternity care and to identify how women might have been mistreated or discriminated against during their hospitalization.

Eligibility: You can be in the study if you are 18 years of age or older, speak English or Spanish and gave birth to a live infant in the past 2 months in NJ.

Benefit of being in study: No direct benefit to you but you may be able to help other women.

All women who complete the surveys will receive a \$20.00 gift card. If interested, please scan the QR code in the blue circle below to read a consent and start the survey on your cell phone or computer.
