No registration needed!
Scan the QR code below
or [Click Here](#) to Join!

What to Expect:

- **Expert Insight:** Learn about the Perinatal Addictions Prevention Program, and the 4Ps Plus Substance Use Screen on the Perinatal Risk Assessment (PRA)
- **Resource Access:** Discover a wide range of resources to support pregnant people in overcoming substance use challenges, thereby facilitating healthy outcomes for their families,

About the Forum

This Forum marks a statewide collaboration among the three Consortia programs. We aim to unify Maternal Healthcare providers across New Jersey, as we highlight the importance of collective efforts in perinatal substance use management.

Connecting South Jersey Families to Healthy Futures

About the Perinatal Addictions Prevention Project

The Perinatal Addictions Prevention Project (PAPP) is funded by the Department of Health through the three Consortia located in the Northern, Central, and Southern regions of NJ. PAPP ensures comprehensive access to resources addressing the biopsychosocial needs of pregnant persons. It provides support and education for all New Jersey maternal healthcare professionals.
